Java Product Group, Oracle  
May, 2023

# Safe Harbor Statement

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle.

# Introduction

- A major release of JDK every 6 months
  - LTS releases (current: JDK 11, 17, next: 21)
- New features added in each major release
  - as incubating, preview or final
  - using JDK Enhancement Proposal (JEP)  
<https://openjdk.java.net/jeps/0>
- Developed in open
- JDK 20 – released March 2023
- JDK 21 – scheduled September 2023
